

# Recreation Advisory Board Minutes

Sept 13 07  
Raymond High School  
RHS Dining Area  
7:00 P.M.

Attendance: Chairman Mr. L. Papamichael, Mr. John Harmon, Mrs. Sandra Ellis and Ms. Michelle Gordon

## Business:

Ms. Gordon informed us the Mr. Jeff Sweeney was interested in becoming a member of the Recreation Commission.

Ms. Gordon informed us that the Selectmen would like to meet with the Recreation Commission at a board meeting on either Sept. 24<sup>th</sup> or Oct 1<sup>st</sup>. Ms. Gordon will let us know which one is decided on.

Mr. Harmon informed us that he does not have all the information on the Track and the School community service programs and plans to have it for the Oct. meeting.

Ms. Gordon informed us that Mr. D. McCarthy will have the basketball hoops up at the Middle School as soon as possible.

The Field Use Policy: Ms. Gordon informed us that a fee cannot be charged for the Cammett field or Middle School field because the money to build the fields came from the Land and Conservation Money. Discussed about charging for the preparation of the fields and further discussion on this with prices to review

Mr. Papamichael informed us he had met with Mr. McCarthy to go ahead with the new soccer field and at this time Mr. McCarty is trying to find volunteers because of having to pay overtime to his employees. It was discussed that to have 2 fields we need more fill. It was suggested to bring this up to the selectmen and see if they would get on board with this. They have supported the new fields in the past but will they now support this because of the maintaining of the fields and a new selectmen group then when voted on in the past. The keep up would be about for about 1800 square feet, sprinkling and repair of heads, mowing and lining the fields.

Ms Gordon gave her report for the month of Aug.

Meeting adjourned at 7:57 pm.
